

Victor Dvorkin

SVP, HEAD OF GLOBAL DELIVERY

VICTOR DVORKIN IS AN SVP AND THE HEAD OF GLOBAL DELIVERY AT EPAM SYSTEMS, WHERE HE LEADS CLOUD, DATA AND EXPERIENCE PRACTICES, COMPANY'S GLOBAL DELIVERY CENTERS, AND EPAM'S DELIVERY PLATFORMS AND TOOLS.

Mr. Dvorkin joined EPAM in 1997 and has since been instrumental in driving the company's growth in emerging industries, technologies and solution practices. He leads multi-disciplinary teams across the Americas, EMEA, CIS and APAC. Under his leadership, EPAM's team of more than 50,000 IT and engineering professionals have helped our global clients solve their most complex digital transformation and technology modernization challenges.

Having worked and lived in the United States and Eastern Europe, Mr. Dvorkin has an extensive understanding of global delivery models and brings hands-on technology experience to his role. He also has first-hand expertise in the Travel, Healthcare, Insurance and Oil & Gas industries.

Mr. Dvorkin holds a master's degree in Applied Mathematics from the Belarusian National Technical University and a Ph.D. in Information Technology from the International IT Academy in Minsk, Belarus.
